It is much more than a library. **The Catacombs of Kom El Shoqafa** These tombs were tunneled into the bedrock in the age of the Antoiner emperors (2nd century A.D.) for a single wealthy family still practicing the ancient religion. These tombs represent the last existing major construction for the sake of the old Egyptian religion. **The Roman Theater (KOM AL-DIKKA)** Over 30 years of excavation have uncovered many roman remains including this well preserved theatre with galleries, sections of mosaic-flooring and marble seats for up to 800 spectators. The mosque, the largest such structure built during the first half of the 19th century, is more impressive at a distance than close up. Its great dome and towering minarets give the Citadel a romantic, oriental quality that makes up for any shortcomings in its detail. Visit **Old Coptic Cairo**. The Church of St Sergius. ISRAEL MAP

Israel's ETA-IL System

As of August 1, 2024, all international travelers from visa-exempt countries must have a valid ETA-IL (Electronic Travel Authorization) prior to departing for Israel. Similar to the ESTA for the USA, the ETA for Canada, and the upcoming ETIAS for the EU, the ETA-IL is an online authorization system designed to simplify the entry process to Israel.

Upon arriving in the country, ETA-IL holders will be able to use the electronic check-in machines previously available only to Israeli citizens and residents to complete their entry process.

This should help visitors get through customs more quickly than ever, allowing them to enjoy even more of their time in Israel.

- Visitors with a valid ETA-IL can stay up to 90 days in Israel.
- The ETA-IL is valid for up to 2 years or until the passport expires.
- In case of passport renewal or changes in personal information, a new ETA-IL will be required.
- The ETA-IL's cost will be 25 ILS (about \$ 7.- USD).
- International travelers who require a valid visa to visit Israel do not need to apply for the ETA-IL as well.

Please note that the application form will only be accessible beginning June 1, 2024. [Press here for the ETA landing page](#)
