## A JOURNEY THROUGH THE CHURCHES OF REVELATION

Dr. James F. Davis got his PhD in New Testament Studies from Dallas Theological Seminary in 2001. For over 25 years he has taught New Testament courses for ministerial students at several seminaries including the Jordan Evangelical Theological Seminary, Dallas Theological Seminary, and the John W. Rawlings School of Divinity at Liberty

University where he is currently a New Testament professor. Dr. Davis specializes in New Testament exposition, Koine Greek Grammar, and historical and religious backgrounds related to the New Testament. Dr. Davis also is the editor and major contributor to the Bible Lands Photo guide published by Accordance Bible Software, which describes the history, archeological remains, and biblical connections to numerous sites mentioned in the Bible. James and his wife Trece have served in church and teaching ministries in both Turkey and Jordan. This educational tour will include numerous mini-lectures that connect what is seen on the tour to the message of the New Testament and how specifically it relates to the ministries of the Apostles Paul and John in western Turkey, as well as early church history and the rise of the Byzantine empire. Hagia Sophia, Istanbul

### Oct 12 Tue ISTANBUL

Our first day in the historic city of Istanbul begins with a morning visit to **Galata Tower**. We climb the steps to the top for a breath taking panoramic view of the mega-city of Istanbul that bridges Europe and Asia. We then visit the **Hagia Sophia** (the church of "Holy Wisdom")—the crowning achievement of the sacred building program of Emperor Justinian, the 6<sup>th</sup>-century head of the Christian Byzantine Empire. Nearby is located the **Hippodrome** which once stood in the heart of the Byzantine city of Constantinople and originally held up to 100,000 people. Although little is left of this gigantic stadium, there are a number of impressive columns and other structures situated at the site. We then head underground to the **Basilica Cistern**, a vast water cistern located underneath the city. The cistern's roof is held up by 336 columns of over 26 feet high. Visitors tread walkways to the mixed sounds of classical music and dripping water, making this perhaps the most unusual tourist attraction in Istanbul. We then enjoy a beautiful cruise on the **Bosphorus Sea**. This is a relaxing and excellent vantage point to view Istanbul's many famous landmarks that dot both its European and Asian shores. We return to our hotel for dinner and overnight. (B,D)

### Oct 13 Wed ISTANBUL

Our day begins with the visit the **Archeological Museum** which houses spectacular finds from all over Turkey, including many items that relate to biblical history. Next we proceed to the nearby **Hagia Eirene** ("Church of Holy Peace"), built in 324 AD on the site of Aphrodite's temple and dedicated by Emperor Constantine as the city's first church and main cathedral until the completion of Hagia Sophia in 360 AD. The second of the Seven Ecumenical Councils was held here in 381 AD. This was one of the more important councils, making ten additions to the Nicene Creed and affirming the deity of the Holy Spirit. Our final stop is the impressive **Topkapi Palace**. This elaborate complex of buildings and gardens, originating in the 15<sup>th</sup> century and greatly expanded over the following centuries, now is a museum that houses important artifacts and treasures relating to Turkish life and history during the Ottoman Empire. We end the day visiting the colorful and vibrant **Grand Bazaar**. Dinner and overnight at the Lamartine Hotel. (B,D)
